Washington, DC 20515

Dear Chairman Obey & Ranking Member Lewis:

I am requesting \$750,000.00 for Guntersville Municipal Airport Sanitary Sewer System and Pump Station Design, Construction, Mitigation, Guntersville, AL in fiscal year 2010. The entity to receive funding for this project is the City of Guntersville, located at 341 Gunter Avenue, Guntersville, AL 35976. The funding would be used for a new sanitary sewer system which will tie the existing sanitary sewer to the public municipal sewer system as part of an FAA approved plan to build a new runway at Guntersville Municipal Airport. The existing Lagoon System will be mitigated and demolished. Taxpayer Justification: The Guntersville Municipal Airport is a General Aviation airport identified in the National Plan of Integrated Airport Systems as significant to national air transportation and is eligible to receive federal funding.

I certify that neither I nor my spouse has any direct financial interest in this project.

Also, I hereby certify that this request will be made publicly available on my Official Website as required by Chairman Obey's new Committee policy that only posted requests will be considered.

Consistent with the Republican Leadership's policy on earmarks, I hereby certify that to the best of my knowledge this request (1) is not directed to an entity or program that will be named after a sitting Member of Congress; (2) is not intended to be used by an entity to secure funds for other entities unless the use of funding is consistent with the specified purpose of the earmark; and (3) meets or exceeds all statutory requirements for matching funds where applicable. I further certify that should this request be included in the bill, I will place a statement in the Congressional Record describing how the funds will be spent and justifying the use of federal taxpayer funds.

Sincerely,

Robert B. Aderholt
